Public School Cantata. The male members of the Public School Cantata Company are arranging to put in a potition to the trustees for an excursion down the river in-stead of refreshments on the last night; under the stage. The reason for so doing is that in the latter case the members of the cantata company do not get any of the refreshments; only the outsiders, who are bumming around on purpose, get any. But if they had an excursion no outsiders would be allowed, and they would have a nice time generally. The board will meet this even-ing, and it is expected that the petition will then be presented.

### PORGET AND FORGIVE.

An Explanation from Hon. Taul Bradford. The following letter will be read with interest because it relieves the writer from an imputation which was almost incredible. The attention of the New York Times correspondent is called to

it:

Washington, D. C., June II, 1876.

To the Editor of the National Republican:
Siz: In to-day's issue of your paper appears an article under the itile of "Forget and Forgive," in which an account is given of the recent death in this city of a man named Thomas, my alleged relation, and of my unfeeting refusal, caused by political dislike, to minister to his wants during his last sickness.

So far as it relates to me this article is, in narration and deduction, quite unitue. I had never heard of the name or existence of the man until it was too late for me to render him any assistance. His political opinions I never knew, and he was no wise of kin to me. I should have contributed to the expenses of his burial if I had not learned when first informed of his death that he would be buried by "Masons" in this city. Respectfully, TAUL BRADFORD.

Glenwood Lot-Holders. Last evening a good representation of the lot-holders of the Gienwood cometery were assembled at the Board of Trade rooms. Mr. S. T. G. Mor-sell presided, and Mr. W. R. Lord noted as secre-

Brown, in behalf of the committee before Con gress, stated that they had nothing particular to report; that they were short of funds, and asked for a collection to be taken : which was granted. Dr. McFarlin stated, in answer to a question raised as to the object of the association, that its aim was to have the rights of the lot-holders cicarly defined, and that a valid title is wanted of the burial sites, which is not now given. Instead of the name of the Glenwood Cemetery Company being given the name of J. Close is inserted, and no such association as the Glonwood cemetery is found on the books of the District of Columbia. Instead of the money going into the pockets of the stockholders they wanted the money spent in beautifying the cemetery, and also wanted a voice in electing the board of trustees, and that now they had a committee before Congress to secure those rights.

Mr. Clapp moved that a committee of three be appointed to wait on the present owners and see on what terms the lot-holders can come into possession of the cemetery.

Mr. Love spoke against the motion, expressing himself in favor of the owners coming to them, not the lot-holders going to them. He was followed by others, who spoke in opposition to the proposition, and being put to a vote, was not carried.

After some further discussion, the meeting adalm was to have the rights of the lot-holder

After some further discussion, the meeting ad ourned to the 12d instant.

Sunday last being Trinity Sunday in the Cath-olic Church, and the beautiful subject of the Holy Trinity the one selected for the occasion, the sermons in the churches of that faith were of more ing by the pastor, Rev. B. F. Clampi, at 11 o'clock service, was decidedly fine. But then the ser mons of this reverend gentleman, delivered every second Sunday, though lacking the force that a second Sunday, though lacking the force that a stronger voice than Father Ciampi's would give them, is point of conclusive reasoning, beautiful thoughts and language, fine and effective illus-tration, not to speak of the clegant and graceful action the subject calls forth, puts them far above the average pulpit discourses, and ranks him, though but little known, because of his marked unassuming disposition, among the most cloquent reverend orators.

The different beneficial and other societies attached to this parish will participate in a public display at the laying of the corner-stone of the new school-house on next Sunday. Rev. B. A. Birguire, for a number of years pastor of St. Aloystus, will preach on the occasion. He will arrive in town on Friday next, remain, it is thought, a week or ten days, and be the guest of Father Jenkins, at Gonzaga College. In consequence of the exercises attending the corner-stone laying, and the celebration in the church of Corpus Christi, which occurs on Sunday, there will be no sermon at 11 o'clock divine service.

Taxes on the Seventh-Street Road.

In the case of Abner C. P. Shoemaker vs. The District of Columbia, Justice Wylie delivered the opinion of the court. It was a bill to restrain the District authorities from proceeding to sell the property of complainant under the certificates indebtedness issued by the Board of Public Works against the land abutting the Seventhstreet road for the special improvement of the same. The board, authorised to improve to the amount of \$20,000, had incurred an expense of about \$175,000. Lambert and Darlington for complainant; Stanton and Cook for defendants. The court held that it was a proper case for equitable interposition; that it was not an irregular exercise of powers possessed by the board, but an usurpation of power not possessed; that the hands of public servants should be tied whenever they attempt to transgress the legitimate bounds of their authority, and that it would have been better for the District and the community had they been restrained long ago; that the assessment and certifiates were a void proceeding, and that the bill would be granted. Justices MacArthur and Ottrifiates were a void proceeding, and that the fill would be granted. Justice MacArthur and Ottrifiates were a void proceeding, said that the bill would be granted. Justice MacArthur and Ottri mooncurred in the decision; dissenting, Chief Justice Cartter. Judge Humphreys did not sit upon the case. Amount involved about \$40,000. We believe that Messrs. Lambert and Darlington are the first attorneys who have carried this tax question through the courts to a successful issue. same. The board, authorized to improve to the

Ford's Opera-House-"Camille; or, the Fate of a Coquette." On Friday evening next, June 16, the compli-mentary testimonial, tendered by our citizens to Mrs. M. E. Norris and W. L. Dennis, takes place

at Ford's Opera-house.
On the 26th of May last "Camille" was pro duced for the first time in this city by an amateur company, and it is safe to say that the performance on that or carion has never been excelled or equalled by any other amateur performance in Washington, and it is at the request of hundreds of our citizens that the play is repeated on this occasion. Mrs. Norris and Mr. Dennis have always given their services for charity cheerfully and willingingly, and on the occasion of the bone-fit of the sufferers by the discharge in the Burcan of Engraving and Printing, this lady, although not a member of the Jefferson club, kindly offered her services, and was the means of selling a great many tickets. Mr. Dennis also appeared in two very prominent parts at this performance.

The cast of "Camille" will remain as before, except that the pretty, piquant little actress Miss Sallie Townley, essays the role of Nanine, the faithful mid. My attention having been attracted to a testimental from Rev. Dr. Domer, the distinguished paster of the English Lutheran church, Eleventh and H streets, bis city, certifying to the remarkable cure of an affection of the ear by Dr. Hartley, I concluded to try the doctor's skill in a case of catarrh of very aggravated form, from which I had suffered many years past, which had seriously impaired my hearing and developed every symptom of consumption. I am happy to state that Dr. Hartley has effected a complete and radient cure, removing every vestige of catarrh, deafness and affection of the lungs, and I am now as healthy and can hear as perfectly as at any former period in my life. Dr. Hartley's remarkable success in my case justifies this testimonial, and he has my best thanks, with a more substantial evidence of my appreciation. [Certificate from Mr. J. Henry Carroll, ]

GREAT REDUCTION OF BOARD AT THE SPAINGS.—Owing to the depressed condition of the country the proprietor has determined to lower his charges, that all may be able to derive the benefits from the use of these Justly eclebrated waters, since they have so fully established their efficiency through the thousands who have been brought from death's door to renewed health by the use of their wonderful medicinal waters. Since last summer the Chaiybeate Spring, which was opened last year, has been thoroughly analyzed by Frof. M. B. Harden, of the V. M. I., of Virginia, and by comparison shows it to be fully as strong as "Hawiey" of carbonate of iron, having a small quantity more than one and a small quantity less than the other two springs. So in addition to the water that has made these springs so famous, the proprietor takes pleasure in announcing that he can furnish those who may need to drink either spransery on the springs a pure carbonate of iron (chalybeate) water, inferior to none, and equaled only by Rawiey, in the State. This at the very cheap rates, with accommodation fully up to any previous year.

the CHALYBEATE SPRING was carefully analyzed at the Smithsonian Institution by Pofessor's L. D. Gale and W. M. Mew, who say that "it is in some sery essential particulars similar to the for-famed Pyrmont Spring, in Waldeck, Germany, which has so long and so descreedly enjoyed a high reputation among physicians. It possesses a rare combination of tonis properties, with others, existing in admirable propertion, calculated to free it from some of the too well-known causes of objection to chalybeats waters."

The other Mineral Springs are specifics in the cure of dyspopsia, affections of the kidneys, calculus holminthiasis and sorofula. A Sulphur Spring of good quality is within fifteen minutes walk of the hotel. Hot and Vold Baths and an immense Swimming Pool, and a fine Bowling Alley and Billiard Room on the grounds.
